Care Team - Talbot SNS has a care team who meet on a regular basis. The team consists of the Principal or Deputy Principal, Behavioural Support Teacher, HSCL Coordinator and our SCP colleagues. Staff members are given the opportunity to refer children they feel may be in need of special care and programs may be drawn up to support the child going forward. Teachers are given the opportunity to refer children in their class who may be in need of special care due to behavioural problems, emotional problems, social problems or other concerns. The care team strives to support the well-being of the child. In certain circumstances, support plans are drawn up with the class teacher, support teacher, HSCL Coordinator and parent(s).

Data Protection

Data protection - Professionals in this school document and record their work in line with Data Protection legislation. In keeping with the legislation and in the spirit of openness, transparency and partnership between schools and families, parents have a right to access their children's records. Talbot Senior School is the data controller of all information held on staff and pupils in school.
