

HALLOWEEN

By Daniel Shanahan

Last Halloween myself, my cousin and my sister went to my nana house for trick or treat.

First we chilled in the sitting room doing the monster mash on youtube.

Then we went into the box room. We played on the bed and had great fun.

Next my nana called us for dinner. We had chicken nuggets and waffles that were shaped like halloween decorations.

Finally it was time to trick or treat. We went outside. It was very dark and a bit scary. We knocked on a few doors because we were not allowed to knock on many doors because of covid 19.
